

Accelerating Primary Care Transformation in Oregon

June 2015 Newsletter

Resource Orientation

Are you new in your role supporting primary care home development? If so, please join us for one of our monthly orientation sessions so you are aware of the resources available to primary care practices and other stakeholders through the Patient-Centered Primary Care Institute website (pcpci.org). The first session is June 30th; subsequent sessions will be held the last Tuesday of every month. Click [here](#) to view the other dates and information needed to register.

Featured Blog Posts

Know the Experts: Oregon Pediatric Improvement Partnership.

Institute programs rely on the content expertise of community organizations working to improve the quality of health care and the experience of caregivers. One of which is the Oregon Pediatric Improvement Partnership. OPIP is an organization dedicated to improving care for kids by taking a community and

Webinars

Depression Screening & SBIRT for Adolescents

JUNE 16, 2015 | 8:00AM PST

The purpose of this webinar is to provide an overview of the CCO incentive metrics that now include adolescents, strategies for how practices and health systems can address privacy and confidentiality before screening, and specific suggestions and considerations to use when submitting billing claims and documenting care in the EMR.

Health Literacy: A Key to Patient-Centered Communication

JUNE 23, 2015 | 8:00AM PST

Health literacy is the degree to which patients can receive, understand and use the information provided to them by their healthcare providers.

Many in primary care are learning how important it is to address health literacy in the practices as part of providing appropriate care. Learn more about health literacy and how you can address it.

population based approach to engaging providers, parents and other stakeholders in practice level improvement, and informing system- and state-level policy. Given the focus on chronic conditions in many primary care transformation initiatives, OPIP has provided to the Institute and other forums a consistent reminder to keep a focus on kids, whose health care today may prevent chronic conditions of the future. Introducing Primary Care's Newest Team Members!

In 2014 the Institute launched the Patient-Centered Primary Care Home (PCPCH) Online Learning Modules as a resource for describing and explaining the 10 must-pass standards and the 23 other standards a that clinics can meet to earn points toward becoming officially recognized as a PCPCH in the state of Oregon. The PCPCH Online Learning Modules gained American Academy of Family Physicians certification to be used for up to 2 prescribed CME credits and was also approved by the Oregon Nurses Association for up to 2.25 continuing nursing education hours.
